Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Dalton State College Chemistry Lab Upgrades project in Fiscal Year 2026. The entity to receive funding for this project is Dalton State College, located at 650 College Drive, Dalton, GA 30720. The funding would be used to update the capabilities of Dalton State's chemistry laboratories. The project is an appropriate use of taxpayer funds because it will allow Dalton State to provide students with hands-on, applicable experience and prepare them for careers.

The project has a federal nexus because the funding provided is for purposes described in section 272 of title 15, United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Marjorie Taylor Greene
Member of Congress (GA-14)
